NOTES:

Crew Leader: Fill this out BEFORE arriving at trailhead. Bring two copies. At trailhead, give one copy to Communications Lead and put other copy in First Aid Kit. Keep with pen in waterproof sealed bags.

Communications Lead: Know in advance which device works best, and where reception is near today's work site. Before leaving the main party, ensure First Aid Lead has written the injury details. Ensure you have a pen, write down what the call-taker tells you. Return quickly to main party and report to Situation Manager.

Cell Phone Instructions	Radio Instructions	
 911 calls from cell phones can land in a far-away regional center. The call-taker needs the following information immediately: Your wireless phone number in case disconnected The location you're calling from. See below. What type of emergency you have (medical, require ambulance; injury specifics) In addition to 911, if you might need a helicopter. List 	 Stand in a clear location, hold the radio upright Check radio for correct channel or repeater Wait for 2 seconds after keying the mike, then speak Try at least 3 times, at least 10 seconds apart If needed, move location & change channels Forest: Mt Hood, Hood River RD Channel, Repeater: Dispatch Center: Columbia Dispatch Script Example: "Columbia, (Crew Leader name) on Hickman, we have an emergency."
